New Supported Employment Scheme

Cheshire West Council have got funding from the Department for Work and Pensions. They can now set up a **Supported Employment scheme**.

Autistic people and people with learning disabilities will be able to get help. They are putting a team together to help people find a way into good suitable employment.

Time Credits Scheme

Peoples Choice Group gives out **Time Credits** to group members who help with our working sessions. Like giving feedback, going to meetings and delivering training. We are hoping to get more businesses involved who will offer free entry or free drinks in exchange for Time Credits.

It is really easy to join the scheme.

If anyone knows of any local friendly businesses that may be interested please let us know.

E-Bulletin

The **Cheshire West Whats On** email bulletin has activities and events in it. This now goes out monthly to over 700 people. We need more people and service providers to add their activities and events to it. We can link you in if you contact us.
